

Weekly Academic Meetings

Standard Operating Procedure

Purpose

Weekly Academic Meetings (WAMs) have two parts: **Planning & Coaching**, which runs on a fixed weekly schedule, and **Data Meetings**, which are scheduled around the assessment calendar. This SOP defines how each part runs and who is responsible for what.

Part 1: Planning & Coaching Meetings

Planning & Coaching meetings happen every week at a regular time: **2:30–3:00 PM, Monday through Friday**. K–4 teams meet in the Coaches Office; 5–8 teams meet in the Conference Room.

Day	K–4 (Coaches Office)	5–8 (Conference Room)
Monday	3rd Grade WAM*	5–8 ELA WAM
Tuesday	4th Grade WAM	5–8 Math WAM
Wednesday	2nd Grade WAM	5–8 Flex WAM
Thursday	1st Grade WAM	Science / Social Studies WAM
Friday	Kinder WAM	—

*Monday, 3rd Grade WAM: Dr. Romeril has already completed training, so Jen will check in periodically rather than attend every week.

Part 2: Data Meetings

Data meetings don't run on a fixed weekly cadence. They're scheduled around the Savvas assessment calendar (see pacing guide) and happen individually with each teacher, **one to two days after** that teacher gives their assessment — timed to when grading and data are ready.

- **Location:** Data meetings take place during the teacher's Related Arts conference time.
- **Calendar invites (awareness):** The Academic Director sends Google Calendar invites for all assessments — both benchmark assessments (NWEA, ILEARN, Checkpoints, screeners) and curricular assessments in Savvas for each content area.
- **Meeting invites (attendance):** The Academic Director also sends a separate invitation to the specific teacher(s) who should attend a data meeting, timed for one to two days after their assessment.

Assessment Timing

- **Early:** Teachers may give an assessment earlier than its scheduled date in the pacing guide / Google Calendar, with approval from their instructional coach (Adrian Ford for K–4, Amanda Kayte for 5–8).
- **Late:** Assessments should not be given later than scheduled, except in extenuating circumstances.

Open Items to Confirm

Media Center SIOP training happens monthly, day/time to be confirmed — 4th grade teachers are not participating in SIOP this year and can meet at their regular WAM time instead. PBIS meeting details (who attends, day, and frequency) still need to be confirmed.
