

Lesson Plan Compliance

Standard Operating Procedure

Purpose

This SOP defines what happens when lesson plans are not submitted on time, so every teacher experiences the same clear, consistent process — and so leaders know exactly when and how to act.

Deadlines & Weekly Checks

Milestone	Owner	Timing
Lesson plans due	All Teachers	Wednesday, 5:00 PM
K-4 compliance check	Adrian Ford	Thursday morning, by 8:00 AM
5-8 compliance check	Amanda Kayte	Thursday morning, by 8:00 AM

At a Glance: The Weekly Cycle

Plans Due Wed, 5:00 PM	Compliance Check Thurs, by 8:00 AM	Verbal + Email Reminder Due EOD Thurs	Still Missing? Lanea follows up in writing
----------------------------------	--	---	--

Weekly Non-Submission Process

Step 1 — Same-Day Reminder (Thursday)

Once Adrian Ford (K-4) or Amanda Kayte (5-8) identifies a teacher who has not submitted lesson plans, that teacher receives **both a verbal reminder and an email reminder the same day**. The email states that the lesson plan has not been submitted and must be turned in by the end of the day (Thursday).

Step 2 — Written Follow-Up for Compliance

If lesson plans are still not submitted after the end of the day Thursday, and the teacher has not communicated any further need for support, Ms. Lanea Garrett will follow up in writing for compliance.

What Counts as a Non-Submission

A lesson plan submitted with the majority of it incomplete is not considered a submission. The same reminder and escalation process outlined in this SOP applies exactly as if no plan had been submitted at all.

Escalation Ladder

Weekly non-submissions accumulate over the course of the school year. Once a threshold below is reached, the corresponding consequence applies.

Trigger	Consequence
3 weeks of non-submission in a row, OR 5 total weeks of non-submission across the school year	Verbal Warning
2 additional weeks of non-submission after a Verbal Warning	Written Warning
Continued non-submission after a Written Warning	At leadership's discretion for next steps

Weeks do not need to be identical in cause — any week in which the process in this SOP is triggered (Step 1 and/or Step 2) counts toward both the 3-consecutive-week and 5-total-week thresholds.
